

Elizabeth Bunn

I graduated from the University of Bradford in 2003 and since then I have worked as an optometrist in many areas of the profession. I have worked in both multiple and independent practices, and I have also been a locum optometrist. More recently I have been working in the domiciliary sector.

I have been part of the Norfolk and Waveney LOC since 2012 and my current role within the committee is in CPD and education provision.
